

## **Internal Order Rules (ROI) for the “Covid-19” period**

Dear parents / guardians, the reopening of the day care facilities under the health constraints of the “Covid-19” pandemic poses a challenge for all of us. In addition to the typical rules of good conduct within the day care structures, we would like to bring you **a series of new rules which apply imperatively between May 25th and July 15th** (the date may vary depending on ministerial decisions):

- Children are required to either wash their hands or disinfect their hands at least once an hour.
- Children are required to wash their hands thoroughly after visiting the toilet.
- Children are required to stay in their room, unless the educators decide otherwise.
- Children are required to wear their mask outside their group room. In the room, wearing a mask is optional.
- Wearing a mandatory mask does not apply to children under the age of 6 years.
- Parents / guardians are not allowed to enter the the day care buildings. To organize the childrens pick up situation, our structure installs a reception at the entrance of the buildings.
- In general, we ask you to be aware of and apply the instructions from the Ministry and the Directorate of Health that you find on: <https://www.enfancejeunesse.lu/fr/coronavirus/recommandations/informations-parents-cycle-1>

In view of the special situation, it remains to specify some essential service changes during school weeks according to registration:

- The day care no longer provides any supervision between 7:00 and 8:00 in the morning.
- The day care ensures telephone availability from 10:00 to 18:00.
- The day care takes care of your children between 13:00 and 18:00 during the school holidays according to registration.

Finally, the ASBL Lënster Päiperlék would like to recall some principles of good conduct that still apply within our structures:

- All children are required to respect the usual courtesy forms (Moien, wann ech gelift, thank you, äddi).
- Children are expected to respect other children, SEA staff and premises.
- All children are required to keep their electronic tools (Cell phones, Smartphones, Consoles, etc.) in their bag during their stay at the SEA.
